4 Student Teachers Assigned To Mokena

Four student teachers from the College of St. Francis have been assigned to the Mokena Schools for their apprenticeship for teaching. Mrs. Marilyn Durham will do her student teaching in the first grade at Carpenter Street School under the supervision of Mrs. Paulette McGuire. Mrs. Charlotte Varnam will be supervised by Mrs. Karen Ivens in first grade at Willowcrest School. Miss Kathy Long will receive a third grade student teaching experience under the direction of Miss Mildred Lestina at Willowcrest School, and Miss Jackie Tondini will student teach at the seventh and eighth grade level in language arts under the supervision of Miss Mary Donahue also at Willowcrest School.

Student teaching experiences are intended to provide

vide training for the student teacher to qualify her to assume the complex responsibilities of actual classroom practicum. They are intended to permit the student to engage in the actual work of a teacher and thus serve as an apprenticeship for teaching.

The objectives of student teaching are to acquire a certain degree of mastery in the use of the basic methods of teaching; to develop poise and dignity to command respect; to cultivate qualities of leadership, initiative, and resourcefulness; to increase powers of critical thinking and evaluating; and to grow intellectually, emotionally, morally, and professionally.

Usually the first two weeks are spent in observation. After the period of observation the student teacher engages in a period of co-operative teaching which involves participation and planning. This will be a initial experience in dealing with the pupils and with materials of instruction. The student teacher is expected to assist the cooperating teacher in activities which will lead to full-time teaching.

The board of education is pleased that the Mokena School System has been selected to help prepare good future teachers. They feel that the four student teachers will have excellent opportunities and educational experience in the Mokena Schools for the next twelve weeks.

See Traffic On I-80 In Year, Are Rushing Work

Federal Interstate Highway thru Illinois is slated to be in operation in November, 1968.

That is the word out of the District Engineer's office at Elgin this week.

Some of the interchanges will not be completed, it was said, but the traffic will run between points of access and exit.

The interchange at U.S. 45 and 183d., to the east of Mokena, for example, will not be ready for use by November of next year, it was said, but I-80 itself will be carrying east and west traffic.

It is possible that the interchange on U.S. 30 to the west of New Lenox will be ready next year but if it isn't then it is expected that traffic will have to continue to some point in Joliet. And if there isn't a place to get off at Joliet there is always the interchange with I-55, which lies about six miles west of the City of Joliet.

One thing in the report that disturbs school administrators is that work on the overpass on 80th Av. to provide a connection between 191st and 183rd Sts. will also be delayed. This would give Lincoln-Way High School, for example, a pretty problem. The school now sends a bus east on 191st St. to 76th Av., where it proceeds north to 183d and thence west; but 76th Av. is to be closed. The bus then works thru Tinley Gardens and eventually comes out on U.S. 45.

If U.S. 45 is closed partially next spring, along with 80th Av. some plans will have to be worked out to get pupils living in the area who attend Lincoln-Way to their classes, it was brought out by school authorities.

Bids on the grading and

paving of I-80 from Wolf Rd., just north of Mokena, to the east line of Will County will be opened by the state highway people at Springfield on Oct. 28 and contracts awarded shortly thereafter, according to plans. It is expected that the cost will be around the \$3-million mark.

The re-location of U.S. 45 and construction of the cloverleaf there will be up for bids later, it was said and apparently so will the overpass for 80th Av.

The overpasses now under construction at Marley, Parker Rd. and on Cedar Rd. should be completed this winter, it was said, if the weather doesn't get too bad.

I-80 is considered a very important highway in the defense setup. It gives a direct

route between the east and west coasts and this is important, it has been brought out, especially with the war going on in Viet Nam. Some of the material needed to carry on with the fighting there is brought by truck from the east coast to Pacific ports. Completion of I-80 will speed up such shipments, it was said, and authorities say this is essential. It is believed someone in Washington called for a speed-up in I-80 plans.

There had been talk that I-80 would not be finished until sometime in 1968 -- maybe the later part of that year but this is changed now and it is expected that I-80 will be finished thru Illinois about 12 months from now.

The grading is almost done from Wolf Rd. to U.S. 30 and work in the highway is progressing rapidly in Cook County, it was said.

Sophomore and varsity players will be visiting the four villages in the district between 7 and 9 p.m. Tonight the target is New Lenox. Next Monday, Oct. 24, they will be at Frankfort and the next evening, Oct. 25, at Mokena. On Wednesday night, Oct. 26 the young salesmen will canvass Manhattan.

Local Boy Bags A Yearling Doe

MR. JAMES PEYTON Telephone 532-1516 Donald Kalas of 183rd St. and three of his friends went to Wisconsin to hunt for deer with bow and arrow over a recent week-end. The party drove up to Black River Falls where they rented a lodge and made preparations for getting their deer. Early in the morning of Sept. 25, after walking quite a way

through the woods a yearling doe was spotted by Don. He reached into his quiver and withdrew an arrow and loaded. He shot once and had his trophy, a yearling doe. The other three in the party were not so fortunate. Very shortly this same party will travel to Indiana to hunt for wild boar. Good Hunting Don.

Fun Night Date At Frankfort, Oct. 28

The annual Fun Fair Night of the Frankfort Grade School District is to be held Oct. 28 in the school gymnasium.

The program will begin at 7:30 with the pupils participating in a costume contest.

At the conclusion of the contest the fun fair activities will start. There will be dart games, ball toss, cake walk, witches brew, movies and other festivities

in keeping with Halloween.

Booths will offer home-made candies, bakery goods and refreshments. Everyone is invited and there will be an admission charge of 10 cents.

Also on display will be exhibits by each of the classes illustrating their classwork. These displays will be housed in the gym and may be viewed after 7 p.m.

Firemen To Sponsor Halloween Parade

Mokena Volunteer Fire Department members, assisted by the Ladies Auxiliary, will sponsor the annual Halloween parade for Mokena youngsters this year.

In the past the fire department helped the Amvets Auxiliary in the task but that organization has withdrawn from the picture. The firemen voted to take over the job, for this year at least.

The parade will be held on Halloween night, starting at 7 o'clock from the Carpenter Street School grounds. The procession will finish at the Fire House where prizes will be awarded for costumes and refreshments made available.

The Halloween parade has been a fixture in Mokena for many years and authorities hope it will be continued. They point out that it serves to siphon off considerable energy that otherwise might be utilized in performing pranks.

This year the Mokena village board adopted an ordinance which fixes the hours for "tricks or treats" calls from 3 to 9 p.m. on Oct. 31 and that is the only time they will be permitted to do that. Destructive pranks, of course are taboo, Police Chief Roy Newton warns.

Fire department members will put up the prizes for the best costumes and the merchants are donating candy and Crackerjack.

The fire house has been painted, cleaned and polished for the meeting of the Des-Plaines Valley Association (firemen) in November so it will be already for the Halloween celebration, according to Chief Robert Rust.

Our '67 motto: "Such popularity must be preserved."

In '66, we Ford Dealers made it big. Smashed all our sales records to a pulp. Shook up competition no end. Staked out our territory so solidly it became known as Ford Country.

Think that should hold us for a while?

It won't. We're no standpatters.

We aim to stay out front in '67. With Fords

that are even stronger and quieter than last year's. With longer, stronger Mustangs. With big-car performance built into our '67 Fairlane. With Falcons so luxurious we may end up calling them "Short Limousines."

We remember when this was only Ford Village. Now it's Ford Country, and still growing. See your Ford Dealer and pick up your passport.

VIKINGS BEAT L-W

Lincoln-Way's homecoming game last Saturday against Homewood-Flossmoor was a sad affair -- for Lincoln-Way. Somehow victory and homecoming remain poles apart for the Knights but they always have hope. But what hope the Knights had last Saturday were pretty well blasted by half time when the visiting Vikings had a 24 to 6 advantage.

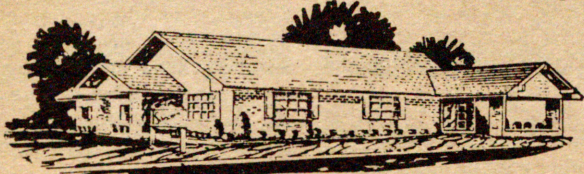

Lincoln-Way added another six points in the closing quarter with just eight seconds left of playing time, and the game ended with the score 24 to 12 in favor of the Vikings.

Forget that Gas is cheaper.

(Remember you're in command with a gas range.)

A gas range never tries to take over and boss you. When you turn it on, it responds instantly with full heat. And off means OFF. No lingering heat to overcook your food.

What's more, you can see what you're doing. You can adjust the flame to any degree of heat you want. That's one reason why nearly all professional chefs like to cook with gas.

And a gas range is the only kind that doesn't smoke when it broils.

One more point: Who wants a fair-weather friend? Gas is dependable. You can count on it to cook your meals (and keep your kitchen cozy) no matter how much it sleets, snows or blows. The handsome new gas ranges are on display at your dealer's and at our stores. See them now.

Scouts Organized; Name Den Leaders

MRS. EDWARD HOVI
Telephone: 479-5740

The Cub Scouting Program is now almost fully organized for the new year. The committee meeting was held

last week, and the committee members were established and the dens were arranged.

The Dens this year will be headed by: Co-den mothers Mrs. Carolyn Cron-

es, and Mrs. Lois Mangan; Mrs. Pat Tanis and Mrs. Mary Forelich, and individual den mothers Mrs. Rita Homer, Mrs. Judith Poces, and Mrs. Mary Kennard, the Weblos den, the boys between the ages of ten and one-half and not yet eleven, will be headed by Mr. Richard Booth.

Mr. Charles Walles and Mr. Richard Booth are going to the assistant cub scoutmasters to lend their help to Mr. Fran Crones who is cub scoutmaster.

The remainder of the committee members are: John Hayden, institutional representative, John Jaeger, committee chairman and outings chairman, Don Rutan will assist Mr. Jaeger in the outings planning, and Leonard Gunty will also be a committeeman. Mrs. Garlene Gunty, Mrs. Beverly Rutan and Mrs. Marian Walles will work together on the refreshments committee.

Mr. Rutan will have two outings for the boys with one-half of the boys going each time to learn the fundamentals of archery. The first one-half will go on Saturday, November 5 and the remaining one-half will go on Saturday, November 12.

The October Pack Meeting will be held at the school on Friday evening, Oct. 28 and will have the theme of Halloween. The Pack meeting will begin at 7:30 P.M.

The boys will be notified individually by each of the den mothers about which den

they will belong in, and the time of the den meetings.

The two Brownie Scout Troop held a joint outing recently during which they hiked around the Little Red School House area at 107th and Willow Springs Rd. The girls all had brought a sack lunch which they ate and prepared their dessert of toasted marshmallows with chocolate bars between graham crackers. The children saw the small animals at the school house and spent an interesting day out.

The Brownies are now set with two troops going. Troop Number 332 has as its two co-leaders Mrs. Phyllis Prather and Mrs. Shirley Booth, and Troop Number 334 has as its co-leaders Mrs. Kathryn Ott and Mrs. Betty Sipin. While Mrs. Sipin is recuperating from her recent automobile accident, Mrs. Ott is being assisted by the various committee mothers.

The Boy Scout Troop meets at the school on Wednesday evening from 7:00 p.m. until 9 p.m. All boys within the school district between the ages of eleven and sixteen are eligible to attend. A boy must attend a minimum of two meetings before he may participate in the activities.

There are eighteen boys presently in the troop with the addition of four new boys; Gene Fuller, Bob Lindeman, Al Behnke, and David Lerch.

The boys are planning to have a regular monthly campout at various areas on

the first weekend of each month. Mr. Arcuri, the scout master is assisted by Mr. Dan Markowski on the outdoor activities.

The poster contest held at the school recently was won by Janice Maschmeyer in eighth grade for first prize and Regina Williams in sixth grade for second prize. The theme of the poster contest was the Fun Fair held last week end at the school.

The seventh and eighth grades are preparing a debate for their science classes pertaining to the role of insects in our life, their advantages and disadvantages to man.

The physical education program for the boys from fifth to eighth grade have been testing their skills on the matter of football. The boys are being tested on their accuracy in passing a football and on the distance attained in throwing the football. The boys are also being tested on their kicking ability.

The third and fourth grade teachers; Mrs. Toutz, Miss Gorka, Mrs. Namola, and Mrs. McGivern presented an informal discussion for the school board at the last meeting of the group pertaining

to their aims and goals they hope to achieve this year in their classes.

The scoutmaster is presently picking out the assistant senior scout leader among the fine boys who soon will be eligible; Ron and Jim Muccio and Joe Arcuri, Russell Dickerson and Jim Rochelle.

Both Ron and Jim Muccio have recently been awarded their first aid merit badge, and Russell Dickerson was awarded a merit badge in connection with his coin collection.

The boys will soon have an outing to learn the fundamentals in the safe method of riflery. More will be announced later on this matter.

The Arbury Hills Boys Baseball League will hold their monthly meeting at the school on Tuesday evening, Nov. 8, beginning at 8:00 p.m.

This is a particularly important meeting, since there will be new by-laws which will be read at the meeting group and will be voted upon that night in order that the organization may complete its application to the state for a charter as a non-profit organization.

Ninety-one persons (80 students and 11 adults) were in attendance at the first meeting of the Mokena Junior Earth Science Club meeting on Saturday, Oct. 15 at Willowcrest School from 2 to 3 p.m. This club is a branch of The Earth Science Club of Northern Illinois (ESCONI).

Chairman Ron Hartman outlined the goals and policies of the newly-formed club. He introduced the co-chairman, Mrs. Rita Schilling; the secretary-treasurer Mrs. Dorothy Lankenau; and the librarian, Mrs. Vivian Shoop.

The guest speaker for the first meeting was Mr. James E. Konecny of Mokena whose topic was "FROM AN AC-

CUMULATION TO A COLLECTION." Mr. Konecny has been a member of The Earth Science Club of Northern Ill. since Feb. of 1960. At present, he is chairman of a committee which has published books on fossil identification.

Mr. Konecny and his wife, Sylvia, have made numerous contributions to the FIELD MUSEUM OF NATURAL HISTORY in Chicago. They have donated many specimens and also loaned specimens for scientific study. For their co-operation Mr. and Mrs. Konecny have become the recipients of the first FURCIFER MacMINIHAN AWARD for meritorious work.

The next meeting will be on Nov. 12 at Willowcrest School at 2 p.m. with guest speaker, Mr. Jay Farr of Downers Grove whose talk is entitled "ROCKS AND MINERALS."

Membership is open to school children and adults that are interested in increasing their knowledge about the wonders of the earth through special speakers, films, and fieldtrips. Family participation is encouraged. Fees are as follows:

WORTH TALKING ABOUT

"...before we resort to more incentive destroying taxes, should we not re-examine the guns and butter preparations of the budget? No one seriously questions sustaining both guns and butter; the only question is the optimum but-ter fat content."

Robert C. Tyson,
Chairman of

U.S. Steel Corporation

"Even being right at an intersection won't mend broken ribs." —L. B. R. Bowman, Tri-County (Mo.) News.

"Let us keep our words short and sweet; we may have to eat 'em some day." Frank Bridges, The Smithville (Tex.) Times.

"A moment of careless driving can mean a lifetime of regret." —Irv Scheel, The Mabel (Minnesota) Record.

—(I Thess. 5:21)

Our deep thoughts are those we hold to, believe in, live with daily. The passing thoughts we feel strongly about, become a living part of us, and will bring forth in our life true happiness.

FARM WAGES—In speaking of minimum wage proposals, Sen. Strom Thurmond (R-S.C.) said, "The imposition of wage and hour controls on agriculture will cause a further decrease in the number of persons engaged in farm work, which has already declined by one-half since 1930. Unless the trend is reversed, the United States may actually be confronted with a shortage of food and fiber production where once it was a nation of surpluses."

A BAD TRADE—Rep. John Dowdy (D-Tex.) tells a story which should be considered by those requesting federal hand-outs. He said, "One day a bird was offered a worm in exchange for a small feather. This seemed to be an advantageous trade, and he didn't miss the feather at all. In fact, it was so good that the next day he gladly exchanged another feather for another worm. He continued for some weeks until one day he no longer had small feathers, and traded a large enough that he couldn't fly. He had traded his liberty for security."

Want To Be A Capitalist?

Karl Marx would turn over in his grave if he heard what was going on at Schaub-Magnetrol-SyncroFlo: we're making a good, healthy PROFIT. One thing Karl might like though: we're SHARING our profits with our employees. Not that we have to, we just think it's the thing to do. We have the notion that everyone here contributes to our success, from the president right on down. So, we believe that everyone should share in the financial success of our companies. Through PROFIT SHARING, we are all partners in the growth and development of Schaub - Magnetrol - SyncroFlo.

HERE'S A WORKING
EXAMPLE:

You start in the Plan at age 22 at an annual rate of \$4,495. At normal retirement age (65), the balance in your PROFIT SHARING account projects to \$203,866.23! Sound fantastic? Well, it's not. We have the actuarial statistics to back it up.

WHAT'S THIS MEAN TO
YOU?

It's simple: We're looking for qualified men and women to join our PROFIT SHARING TEAM. We can show YOU how to become an Independent Capitalist through PROFIT SHARING.

STOP INTO OUR PERSONNEL OFFICE TO GET THE FULL STORY ... AND START YOUR WAY DOWN THE ROAD TO BECOMING AN OLD FASHIONED CAPITALIST.

HOW
do you rate a
financial institution -
when many of their
services are similar?

By its reputation!

Reputation is the feeling and attitude people have about a thing, person or institution. It is based on both general impressions and specific impressions, and usually determines the degree of success or popularity of the thing, person or institution under consideration.

The reputation of Joliet Federal Savings and Loan is based on many factors, but it can be summed up with one word: attitude! We feel that you, the saver and borrower, are the most important person who ever walks through Joliet Federal's doors. Services may be similar, but it is the attitude of the people at Joliet Federal that makes the difference!
